

KUSAMA: COSMIC NATURE

at New York Botanical Gardens
Tuesday, August 25, 2021

Contemporary Japanese artist Yayoi Kusama is one of the most popular artists in the world, drawing millions to experience her immersive installations. Exclusively at NYBG, Kusama reveals her lifelong fascination with the natural world, beginning with her childhood spent in the greenhouses and fields of her family's seed nursery. Her artistic concepts of obliteration, infinity, and eternity are inspired by her intimate engagement with the colors, patterns, and life cycles of plants and flowers. Lunch is on your own at one of the gardens dining venues.
